

## STANDARD MARINE BODY BAG

### PRODUCT DESCRIPTION:

Body bag designed for use in a marine environment. The fine mesh material allows water to drain away whilst retaining decedents, parts and evidence. Unique design reduces drag in flowing water. The bag comes with full length C-shaped slide fastener. Easy-grip handles for carrying. Fastener and handles are brightly coloured for easy location in water. Eyelet enables zip to be secured closed by cable tie. Designed to be paired with the marine body tray for ease of extraction. Patent Pending

### NATO STOCK NUMBER:

9930-99-371-1901

### SIZE:

Length: 2500 mm (98.43")  
Width: 1030 mm (40.55")

### WEIGHT:

1.15 Kg (2.54lbs)
